Chairman of Bohermeen Celtic Football Club

**Bohermeen Celtic Football Club** were recently in the market to find a lender that would be able to meet all their needs in terms of a Straightforward Application Process, Personable Touch, Access to a Dedicated Manager, Speed of Decision, Availability of Funds, and of course a Great Interest Rate to ensure repayments remained affordable, as they embarked on the journey of upgrading their facilities.

“With the club having reached a stage where an expansion project had become a necessity, we knew that we had no option but to find a lender that could work with us. Being a Community Club, there is obviously a lot of support from many sponsors and businesses as it is, but we needed just that final little push to make the vision become a reality, and of course we needed the process to be as painless and straightforward as

possible,” said Club Chairman David Brady. “It made perfect sense to approach our local Credit Union Plus for assistance, as their values matched everything we were looking for, they are themselves also long standing members of the community, and the benefits were unmatched”.

David spoke very highly of the interaction and updates that were received along the way. There was never a feeling of just being a number in the queue of people to get through, but rather said it was evident that the two Community Organisations were both working together, striving to enhance the Community in the best way they could. “We were allocated a dedicated Manager to guide us through the entire process from start to finish, and from the initial enquiry to the drawing down of the funds, the whole process was seamless”, said David. He said that he felt

mainstream banks may not have had the Community feel that Credit Union Plus offered them, which was definitely a big deciding factor in their process.

David finished by saying, “The level of service was unmatched. I would encourage any Community Group that needs funds for whatever reason, to never forget their Credit Union. In our case, Credit Union Plus in Navan comes highly recommended, and I would encourage you to not put the big things on the back burner, but to rather get in touch and speak with one of the Lending Team, you never know where you could have the club/group by next season!”

“Thanks to Credit Union Plus, we now have the facilities we need to continue serving our community.”
